Matthews Wins Final of Local Golf Tournament

The annual golf tournament of the Wetsaskiwin Golf Club took place on Sunday and Monday, August 10th and 11th, with contestants present from Calgary, Red Deer, Camrose, and other surrounding towns, with a strong representation from Edmonton. A. W. Matthews of Mayfair, took the title by defeating Jack Cuthbert of the Edmonton Country Club. The final was closely contested, with little to choose between the players at any stage. J. Welsh of Red Deer, won the trophy for the first flight, winning in the final over Bert Taylor. The tourney was a decided success, and much credit is due the President, Alex. Knox, Secretary R. E. Schmitz, and the members of the committee responsible for the arrangements.

In the championship flight, W. Prest defeated H. Guez; J. W. Matthews defeated Duckworth; J. V. Morris defeated J. Mann; Stewart defeated Willis; Rodgers defeated J. S. Orr; Illingsworth defeated Flandier; Kirstein defeated McDonald; Cuthbert defeated West. Matthews defeated Prest; Stewart, Edmonton, desk pen set.

In the first flight, Taylor defeated Dodds; Woods defeated Pallister; Graham defeated Fulton; Somers defeated Radcock; Welsh defeated Wright; Murray defeated Williams; McLaughlin defeated Hill; English defeated Griffiths. Taylor defeated Woods; Somers defeated Graham; Welsh defeated Murray; English defeated McLaughlin; Taylor, Wetsaskiwin, defeated Somers; Welsh, Red Deer, defeated English. Welsh defeated Taylor.

In the second flight, Baker defeated

Norma Chiddy of Alberta for the Third Successive Year

For the third year in succession, Miss Norma Chiddy, of this city, has been crowned queen of the women's track and field championships of Alberta. In 1928 she attained these honors at the provincial championships held at Banff. Last year the meet was held in Wetsaskiwin and Norma romped off with aggregate honors and as a result of her triumphs at Lethbridge last week she will retain for at least another year possession of the massive Judge Jackson trophy. It was not until well into the month of June that Miss Chiddy decided to defend her title, fully realizing that the time was far too short to do justice in the matter of training. Under the circumstances her victory was all the more outstanding.

At the meet here last year there was keen disappointment when Norma was defeated by Mary Humphries of Edmonton, in the 100 yard dash, in 12 seconds. This year it was a different tale, Miss Chiddy defeated Miss Humphries in the 100 metre run, in 12.45 seconds. This distance is 109.36 yards. So figure it out for yourself and you'll find she negotiated the hundred yards in 11.35 seconds. Miss Chiddy now holds the Alberta record for 100 metres of 12.45 seconds and the 100 yards of 11.25 seconds, which she secured at Cardston last August. Lack of condition alone threw her off her second place but lost in the throw-off and had to be content with third place. M. Johnston, of Lethbridge, won the event at 88 feet 3 inches, which was also a higher mark than that of the winner of the women's event at Wetsaskiwin last year.

FERINTOSH WILL HAVE CHAMBER OF COMMERCE

Ferintosh is to have a Chamber of Commerce. On Friday a general meeting of the business men and farmers was called to which members of the Camrose Board of Trade were invited. Five from Camrose, Messrs. Tompkins, Nees, Knights, Rushton and Galt, motored to Ferintosh and took part in the meeting.

The chairman, J. McGregor, outlined the objects of the meeting and called on the members of the Camrose delegation to give their views. Messrs. Tompkins and Rushton spoke. Later, secretary Gallagher of the Camrose Board of Trade, explained to the meeting the procedure in making application for charter. He also read the constitution of the Camrose Board of Trade and suggested certain changes which would be necessary in order to make it suitable for adoption by the Ferintosh body.

On motion it was unanimously decided to form a Chamber of Commerce, and provisional officers were elected pending the granting of a charter. Mr. McGregor was elected provisional president, while L. H. Ogilvie will fill the office of secretary-treasurer.—Camrose Canadian.

BIBLE SCHOOL HELD AT UNITED CHURCH

The Vacation Bible School held in the First United Church this week is being well attended. Miss Evelyn Alberg has charge of the senior school, Mrs. Hall of the junior class, and Miss Florence French of the primaries, with Mrs. D. A. Laseil as superintendent, and Mrs. Mellett assisting in the different departments. The classes are showing keen interest in both the study and hand work periods, and altogether a very enjoyable week is being spent.

Weddings

MARR—QUICK
A quiet wedding was solemnized at the home of Mr. John Scott, Beatrice Street, on Wednesday, August 6th, when Irene Marjorie Quick of Millet, was united in marriage to John Norman Marr, also of Millet. The ceremony was performed by Rev. J. D. G. Irvine, of St. Andrew's Presbyterian Church.

W.I. CONFERENCE AT UNITED CHURCH

The Women's Institute Conference for the Wetsaskiwin constituency will be held in the United Church, Wetsaskiwin, on August 25th, opening at 10:30 a.m. After reports and business have been disposed of, a splendid program will be given. Dr. Shillaber will be one of the main speakers. He will speak on his trip to Europe and the Pussini Hotel.

Will the secretary of each branch kindly let the Wetsaskiwin Secretary, Mrs. McAllister, know how many will attend, so arrangements can be made for the noon luncheon.

Anyone interested in W.I. work are invited to attend the meetings.

MANY RESIDENTS ARE BEAUTIFYING PROPERTY

Many of the residents of Wetsaskiwin have beautified their properties this summer, to a remarkable extent, and have thereby set an example to those who have done little or nothing in the way of improving their property. The improvement made by the residents of Lorne Street, as well as by the Public Works Committee of the Council is especially pronounced, and this street is now one of the fairest to be found anywhere.

CAR ACCIDENT ON SUNDAY LAST

Four persons were injured, one of them having practically the whole of her scalp torn when a car, operated by D. Matthew, Ponoka, went into a ditch five miles from Wetsaskiwin, Sunday.

BIG BRITISH DIRIGIBLE SAILED LAST NIGHT

St. Hubert, Que., Aug. 13.—Thirteen has no terrors for the R-100, British dirigible, which will sail for England tonight after her visit to Canada. This morning she was all primed for her trip, with her gas bags bulging with a new supply of hydrogen and everything on board spick and span.

POOL OFFICIALS DISCUSS FINANCES WITH BANKERS

Winnipeg, Aug. 13.—The spotlight of the Canadian grain business today sweeps to the west after having been focused for days on the capital. Preliminary of the prairie provinces have closed their parley with the pool, the financing of this year's crop.

Obituary

DR. WILLIAM DUDGEON
Death called William Dudgeon of Duhamel, who was well-known in the Camrose and Wetsaskiwin districts, on Monday last. The late Dr. Dudgeon was born in Ontario in 1855. He graduated from the Ontario Veterinary College in 1880, and practiced his profession in Owen Sound. In 1902 he came west and settled in Wetsaskiwin. He moved to Duhamel in 1913 and took up farming. He moved into the town of Duhamel in 1928, where he had since resided. Mr. Dudgeon was well known throughout the country and was always active in politics, being an ardent Liberal. He also took a keen interest in Municipal affairs.

Obituary

He is survived by two sisters, and an only daughter, Miss M. The latter, Mrs. (Dr.) Wm. Dixon of Portland, was at his bedside at the time of his death. He will be sadly missed by his many friends.

Obituary

The funeral was held on Wednesday afternoon, services being conducted by Rev. C. E. A. Pocock at the United Church, Duhamel. The interment took place in the Wetsaskiwin cemetery.

Town Topics

The weather for the past few days has been very dry and sultry.

Mrs. J. I. Poole is spending a week at Aspen Beach visiting friends.

Gordon Williams is spending his vacation with his parents in the city.

Mr. W. J. Beller commenced cutting his Garnet wheat on Monday last.

Dr. Wm. Dixon, formerly of Wetsaskiwin, and now of Portland, Ore., was in the city on Monday.

Mr. O. Weston left on Monday evening for Minnesota, where he will spend some time visiting friends.

Miss Mina Mrs. G. H. of the Land Titles Office, Edmonton, is spending part of her vacation at her home here.

Mrs. Hastie and children of Toronto, are visiting at the home of the former's parents, Mr. and Mrs. E. D. H. Wilkins.

Miss Elsie Davies of Wetsaskiwin, is having two weeks' vacation, and is visiting her relatives at Great Valley—Loughdale Locals.

Mr. and Mrs. Geo. D. Wallace left on Monday on a month's vacation to the town of Duhamel, in Ontario, where he had since resided.

Rev. and Mrs. M. L. Wright passed through the city on Tuesday. They stopped to renew acquaintances and were in to see Mr. G. H. Robinson.

Miss Mabel Lyndburger and friend, Miss Hagen, are spending the week with former Normal friends at Edmonton and Wetsaskiwin.—Bawlin News.

Miss Monica Weller, on the nursing staff at the Misericordia Hospital, Edmonton, arrived here last Saturday to spend her holidays at her home.

Mr. Allan Stewart, of the staff of the Canadian Bank of Commerce, St. Paul, returned to his duties on Monday morning, after spending his holidays at his home here.

The Wetsaskiwin Working Girls' Union will hold a social at the Grand Hotel, on Monday night, for the purpose of raising funds to revive all work for young and old, in the Wetsaskiwin district.

Mrs. McGeorge and two daughters of Great Falls, Montana, returned home a few days ago after visiting at the home of Mr. and Mrs. E. Moore. Mrs. McGeorge and Mrs. Moore are sisters.

Mr. and Mrs. Beller and son Lester, and Mrs. Edgar Thirsk, returned a few days ago from a trip to Montana, where they visited relatives and friends. They also attended the Moose Convention which was held there.

Mrs. G. H. Robinson was taken ill last Thursday, on the farm, with a somewhat severe attack of erysipelas. She was brought in to town and is doing nicely, although still in bed at time of going to press. Mrs. Bolt is taking care of her.

Mr. L. Mason, who has been on the staff of the Imperial Bank here for some time, has been transferred to Vancouver, B.C. Mr. Mason, who has been on the staff here for some time, has been promoted to the position held by Mr. Mason.

The Norwegian Lutheran Ladies' Aid will hold their meeting out at Lucas Grove on Wednesday afternoon, August 20th. This will be in the form of a picnic, so all members are kindly bring lunch baskets. Everybody welcome.

Mr. and Mrs. V. C. French left on Monday to visit relatives and old acquaintances in Ontario. They also expect to attend the convention of the Canadian Weekly Newspapers Association at Halifax, and will return home about the middle of September.

Mr. and Mrs. J. L. Lingjerde and family moved from Bawlin to Camrose recently. Mr. Lingjerde was employed in the market department of Safeway Ltd. here last winter and moved to Bawlin to operate a grocery store. He sold his interest in his Bawlin business to Miss Amanda Olson and has returned to Camrose to work—Canadian.

An enjoyable time was spent at the home of Mr. and Mrs. Walter Greiner, in the Malmo district, on Friday evening last, when about one hundred and fifty of their neighbors and friends gathered in the form of a chivaree party. The evening was pleasantly spent in music and games, and the party broke up, all wishing the young couple every happiness for the future.

Constable "Have you seen any suspicious looking people around here lately?"

Dad: "Yep. A bloke took a rabbit out of me whiskers last night at the circus."—Smith's Weekly.

MUNICIPAL HOSPITAL SCHEME DEFEATED

The Wetsaskiwin Municipal Hospital scheme was defeated. It failed to get the necessary two-thirds majority, chiefly due to strong opposition being met with in the Municipal District of Duhamel, and Ferintosh Valley. The last named Municipality voted against the Hospital Scheme by 347 to 1. This was not due to any antagonism against the Municipal hospital, but because they wanted to establish a district of their own at Ponoka. The official count takes place today, and a full report of the vote will appear in next week's issue of The Times.

The funeral was held on Wednesday afternoon, services being conducted by Rev. C. E. A. Pocock at the United Church, Duhamel. The interment took place in the Wetsaskiwin cemetery.

Obituary

Mrs. Mary Victor Wollin, relict of the late Victor Wollin, passed away at her home in Wetsaskiwin on Wednesday afternoon, after a lingering illness. She was aged forty-eight years, and eleven months. Her husband predeceased her about four years ago, and she leaves to mourn her loss, a sister in the United States, and a large number of friends and acquaintances. The funeral took place on Friday, services being conducted by Rev. O. Asper, at Mrs. Wollin's Undertaking Chapel. A large number were present to pay their last tribute of respect. The interment took place in the Wetsaskiwin cemetery.

Obituary

There passed away on Monday, B.C., on Friday last, Mrs. Henry Kaiser, relict of the late Henry Kaiser. The funeral took place on Monday, and interment was made in the Vernon cemetery. The late Mrs. Kaiser was well known in the Wetsaskiwin district, as the family resided here before moving to B.C. Her husband predeceased her about a year ago, and she had been residing with her son Fred. Their many old time friends regret to learn of her demise.

Obituary

WILL FINISH WORK ON EAST HIGHWAY SOON
Grading of the new government highway between here and Daysland has been progressing rapidly the last few weeks and indications are that the work will be fully completed by the end of this month, according to officials in charge.

Some 40 men are employed, and 110 horses, the work being handled by several gangs working out from different points between here and Daysland. From a point a short distance from the limits of the town of Camrose, the new road takes an entirely new route east to Daysland, the greater part of which follows the tracks of the C.P.R.

In the early summer the work was considerably hindered by extremely dry weather and heavy drifting of newly graded portions. The moisture received during the past month, however, made the work much easier and progress has been gratifying.—Camrose Canadian.

Obituary

VANCOUVER DOCK DESTROYED BY FIRE
Vancouver, B.C., Aug. 11.—With an estimated loss of \$1,250,000 and only two days before it would have been turned over by the contractors to the government, the new Canadian National Railway dock at the foot of Main Street was destroyed by fire Sunday afternoon.

One of the most spectacular conflagrations in the history of the waterfront, the fire broke out a few minutes before 4 o'clock and in less than half an hour the entire dock was a mass of smouldering ruins.

Originating in the northeast corner of the dock at its extreme end, presumably beneath the floor, the fire swept with dramatic suddenness the entire length of the structure, into the new ramp at the entrance escaping the flames.

New Bennett Government In the Saddle at Ottawa

Ottawa, Aug. 7. — The Mackenzie King administration passed into history this afternoon and a new regime under the Hon. R. B. Bennett was ushered into office. All the ancient ceremonies and observances which surround the changing of the King's advisers were meticulously performed, these entailing visits to Government House by the retiring prime minister, a call by him upon Mr. Bennett and then a formal delay until Mr. Bennett himself had been upon his Excellency and been sworn into office.

The Right Honourable W. L. Mackenzie King, prime minister of Canada, arrived at Government House a few minutes before three o'clock this afternoon and handed to His Excellency the great seal of state, thus tendering to the Governor General the resignation of himself and his government.

At 3:30 o'clock, prospective members of the new cabinet were assembling at Mr. Bennett's office in the main building on Parliament Hill to proceed to Rideau Hall, the residence of the Governor General, where they will be sworn in this afternoon. A few minutes later Mackenzie King called on Mr. Bennett and the two went into conference.

Mr. Bennett left his office for Rideau Hall shortly before four o'clock to submit to the Governor General the names of the ministry he had chosen.

The following is the list of the new cabinet in order of precedence:

Hon. R. B. Bennett, Prime Minister, President of the Privy Council, Secretary of State for External Affairs and Minister of Finance.

Sir George H. Parley, K.C., M.P., Minister without portfolio.

Hon. E. N. Rhodes, Minister of Fisheries.

Senator Gideon Robertson, Minister of Labor.

Hon. Hugh Guthrie, Minister of Justice and Attorney General.

Hon. H. H. Stevens, Minister of Trade and Commerce.

Hon. R. J. Manion, Minister of Railways and Canals.

Hon. E. B. Fryckman, Minister of National Revenue.

Hon. J. A. MacDonald, Minister without portfolio.

Hon. Arthur Suave, Postmaster General.

Hon. Col. Murray MacLaren, Minister of Pensions and National Health.

Hon. H. A. Stewart, Minister of Public Works.

Hon. C. H. Cahan, Secretary of State.

Hon. D. M. Sutherland, Minister of National Defence.

These latter changes, of course, (Continued on Page 8)

Mun. District Montgomery Council Has Busy Session

The regular meeting of the Council of the Municipal District of Montgomery No. 458 was held in the Council office on Saturday, August 2, at 8 o'clock.

The minutes of the last meeting were read and adopted on the motion of Councillor Johnson.

Correspondence was read from the following:

The City of Wetsaskiwin re the levelling of 600 ft. of roadway south of the city.

The City of Wetsaskiwin re the levelling of 600 ft. of roadway south of the city.

SILVER RECLAIMED

FROM WASTE

One of the most interesting features of industry today is the practice of reclaiming silver from waste products. Government statistics estimate that more than 10,000,000 ounces of fine silver, valued in excess of \$5,000,000 is annually recovered from scrap heaps. Much of this waste was thrown away or lost in the past, because of the unsentimental recovery methods employed. The waste products now treated so include for instance, the sweepings from the shops where silver is handled, and the water used in washing down walls or woodwork of the factories. One of the most important sources of supply is the films used in the motion picture industry; that is sent to the refiners by the carload and even by the train load.

Waste products bear only a very remote resemblance to the beautiful finished product of the silversmith's art. The waste material is first sorted

ed into piles with the aid of shovels and rakes. Then it is burned at high temperatures until it has been thoroughly disintegrated, which treatment must be continuous for several days. Subsequently, the material is ground by machinery to a fine, dry powder. Tons of waste are thus ultimately reduced to piles of brownish dust which must be carefully guarded because of the potential value, as a pile of a few bushels of this may contain silver worth \$100,000 or more.

A modern silver refining plant is much more complicated than is generally supposed. A staff of chemists, who are specialists in their lines, are employed to direct every detail of the long and difficult process of reclaiming. Conversion of the piles of rubbish containing silver into bars of gleaming metal formerly required several days. This has been reduced in recent years by the employment of electricity for almost every stage of the smelting process. Electric furnaces convert the waste to molten metal. Heavy crucibles are moved

electrically by merely touching a button; and molds are moved on an electric railway. The silver comes from the refining process in the form of bars, having tapering sides and weighing 70 pounds or more. It is then broken down with the aid of powerful and ingenious machinery into many forms.

WHY THE ESKIMOS
HADN'T A TOOTHBRUSH

All parents are undoubtedly desirous of seeing their children develop sound and healthy teeth. And such teeth can be obtained by reading and putting to practice the following interesting information.

The explorer Steffensen found out that the primitive Eskimos had no word in their language for toothache. A further information is contained in a report that in the National Museum at Washington there are the skulls of several hundred Indians who lived between two and three hundred years ago, and only one tooth in the whole collection showed signs of dental decay.

The question then arises how does the modern world explain the absence of dental decay among the primitive people? What about the principles of prevention in the dental decay? The answer is given by Dr. D. E. Armstrong, who points out that the Eskimos began to develop dental decay with their contact with the civilized world and their food habits were modified. The good teeth of the Eskimos were not due to heredity, but to the fact that their diet supplied them with plenty of tooth-building materials. The food of these people was composed largely of meat, but they ate the blood and ate the marrow of the bones.

"Given the right building material," says Dr. Armstrong, "the human body can build teeth so strong and perfect that decay rarely touches them. Modern civilized man requires dentists because their diet is too largely made up of foods lacking in the elements essential for dental health."

"From studies it was proven that good tooth formation depends chiefly upon the presence in the diet of calcium, phosphorus and the vitamins. Milk is the chief source of calcium. Other sources are eggs, such vegetables as cauliflower, dandelion greens, spinach, celery, and carrots. Phosphorus is found most commonly in meat, whole grain cereals, green beans, and green vegetables, yellow grains and fruits. Vitamin occurs in citrus fruits, tomatoes, canned or raw, raw cabbage and lettuce. The functions of vitamin may be fulfilled by cod liver oil, egg yolks and milk also supplies it to a certain extent.

In these modern times, however, it is always wise to consult the dentist.

HOW A VITAMIN MAKES
MONEY SELLING BOOZE

For the married man who thinks he cannot get along without a drink, the following is suggested as a means of freedom from the bondage of the bootleggers.

Start a saloon in your own home. Be the only customer. (You will have no license to pay). Give your wife ten dollars to buy a gallon of whiskey, and remember there are 69 drinks in a gallon. Buy your drinks from no one but your wife, and by the time the first gallon is gone she will have \$325.50 to put in the bank and \$10.00 to start business again. (She can throw in two drinks on the house). Should you live ten years and continue to buy booze from her, and then die with assets in your boots, she will then have enough money to bury you decently, educate your children, buy a house and lot, marry a decent man and quit thinking about you entirely.—Exchange.

THE SICK DRIVER

The drunken driver is being hounded off the highway and put where he belongs—in jail.

Now, a writer in a public health journal suggests, it is time to get after the sick driver. He is entitled to sympathy which the drunkard does not deserve, can be quite as dangerous.

The increase in serious accidents due to "heart disease" calls attention to another condition which renders certain individuals a possible menace to the health and happiness of others. Frequent accounts of such accidents may be read in the daily press. They are usually attributed to "sudden heart failure" which, however, is a thing that almost never happens; the condition nearly always occurs in persons

who have had heart disease for months. And all the standard pests some time. It is sudden only because there is an acute change or rearrangement of the circulation. Physical defects as causes of accident are largely unnecessary. With men for the expert there is a ride of three weeks penetrating to the heart of the Rockies, and both end in a Grand Pow-wow or campfire meeting where songs are sung and the feeling of general jollity is perpetuated. These trail rides are held in August and the weather is at its best and lovers of the outdoors gain an experience which, even if they never repeat it, will furnish them with memories and stories for a life-time. Every year new trails are broken, the one last year being over Gibbon Pass, named after the founder of the Order. The rides attract travellers from every part of the continent.

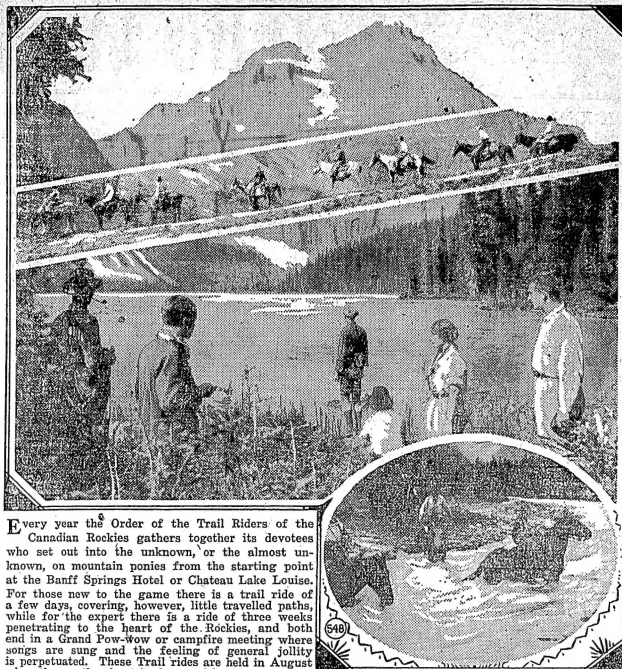

The need of requiring drivers of automobiles and railroad trains, motorbuses, elevator operators and persons in similar occupations to submit to frequent examinations to prove their ability to cope with the demands of their work without danger to themselves or others, is one of the real problems of the hour.—Canadian Social Hygiene Council.

HUSBANDRY

(Walt Mason)

The farmer's lot is full of woe, he hears his wife weeping; in spring he journeys forth to sow, and cannot bank on reaping. The elements are in cahoots to make him feel disgusted; some blight will kill his orchard fruits, his wheat will all be rusted. And if perchance he has a crop, in spite of all his pining, his market price is sure to drop on everything he's selling. He hears much of the farmers' grief and great men plan like thunder on how to bring him some relief and ease his burden. The way he gets it in the neck is something quite indecent, and we are led to think, by heck, that all this woe is recent. But there was never yet a time when his sad lot seemed charming, and farming always seemed a crime to those who do the farming. I farmed some forty years ago, I tilled the virgin prairie; and every day was soaked in woe, and life seemed far from merry. The things the farmer had for sale in those days long departed, brought such a sickly show of kale that he was broken hearted. Twelve cents a bushel was the price of corn in town delivered; which made his bosom feel like ice, his weary strings quivered. Eight cents a dozen paid for eggs, which made him sigh and holler; he had to fill five pails or kegs if he'd take in a dollar. If he would sell a good fat hen, he only got a quarter; what wonder if the farmer then was quite a chronic

Breaking New Trails in the Rockies

Every year the Order of the Trail Riders of the Canadian Rockies gathers together its devotees who set out into the unknown, or the almost unknown, on mountain ponies from the starting point at the Banff Springs Hotel or Chateau Lake Louise. For those new to the game there is a trail ride of a few days, covering, however, little travelled paths, while for the expert there is a ride of three weeks penetrating to the heart of the Rockies, and both end in a Grand Pow-wow or campfire meeting where songs are sung and the feeling of general jollity is perpetuated. These trail rides are held in August and the weather is at its best and lovers of the outdoors gain an experience which, even if they never repeat it, will furnish them with memories and stories for a life-time. Every year new trails are broken, the one last year being over Gibbon Pass, named after the founder of the Order. The rides attract travellers from every part of the continent.

and from Europe, and some 1,500 of them are now enrolled in the Order.

Lay-out shows riders passing through Gibbon Pass, taking a rest at Shadow Lake with Mount Ball in the background, and fording an arm of the Lake of Hanging Glaciers.

ABDOMINAL PAIN

The human body is provided with protective forces which are called into action when the need arises. Pain in itself is not protective; it is, however, a danger signal which warns, and so indirectly, it protects.

As long as conditions in the abdomen are normal, we are unconscious of the movements of the bowel which propel the contents of the intestine. When an abnormal condition occurs, if any part becomes diseased, there is a change in the movements of the intestine.

If the condition becomes acute, the peristalsis, as the movements are called, is stopped. This is nature's first step towards protection. The part is put at rest. Not only are the intestines put at rest, but the abdominal muscles are contracted, and so a rigid wall is made which further protects by keeping the parts motionless.

The next thing which happens is the sensation of pain; the danger signal flashes, and the individual is thus warned that something is wrong. The majority of persons who have a pain in the abdomen say they have a stomach ache, and they generally blame something they have eaten. Believing this to be the case, they naturally conclude that the proper thing to do is to take some medicine which will act as a purgative and enable them to get rid of the offending food.

If a laxative is taken, it simply

means that we are doing our best to set in motion the intestines which nature has put at rest for our protection. It means that we disregard the danger signal of pain whereby nature indicates what is the safe course for us to take.

It is true that many persons with abdominal pain have taken a laxative without serious or apparently harmful results, but it is equally true that many persons have lost their lives because they took a laxative to relieve abdominal pain.

If the pain has been caused by an inflamed appendix, the movements of the intestines set up by the laxative may cause the appendix to rupture and spread its contents, which results in peritonitis. If the pain is due to a ruptured ulcer or to an inflammation of any of the abdominal organs, movement of the intestines which nature has put at rest as a means of protection.

Questions concerning Health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered personally by letter.

CRUSHING

Mabel: "You've been wanting some slippers Amy, and here's your chance. A 'gigantic slipper sale' is advertised in the paper."

Amy: "You had better get a pair for yourself. I don't wear gigantic slippers!"—Prince Rupert News.

Canadians own from 55 to 65 per cent of securities of all enterprises located on Canadian soil.

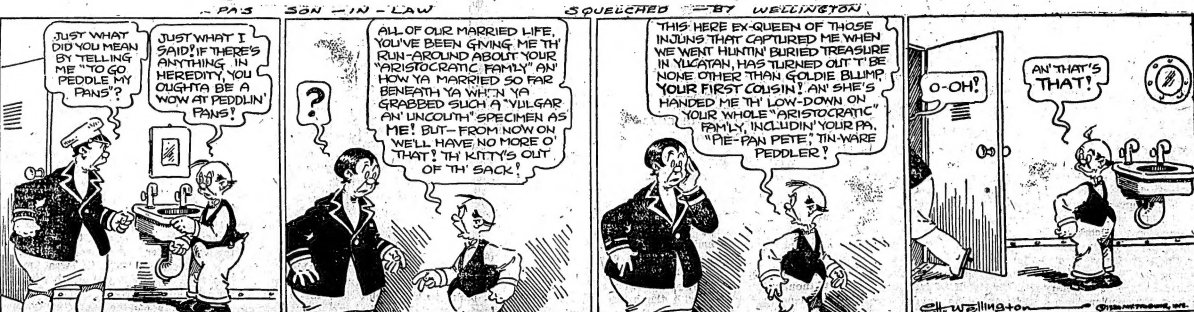

Husband and Wife
Both Suffered from
Headaches

Mrs. N. P. Ritchie, Prud'homme, Sask., writes:—"I suffered for some time, from terrible headaches. I tried all kinds of headache powders and tablets, but they did not relieve me. One day I saw Burdock Blood Bitters advertised and decided I would try a bottle, and when I had taken it I seemed to feel better, so I continued until I had used three bottles more."

"My husband, for two years, also suffered from terrible headaches, which were so bad he could not sleep, but now our headaches do not bother us at all, as B.B.B. has done such wonders for us."

A Gamble in Geese

(By Samuel Alexander White)

The other attempt of Casino which gave Sark and Bassett uneasiness in any marked degree occurred during the first week of October. It was not so spectacular as the plan to stampede the one thousand by freeing others of their kind over their heads but it worried the partners worse. Moreover, it was artistic in its simplicity. In the hills back of the bench ground which bordered the river flat was a water-filled slough. So Casino planned a showing of pay gravel on the beach ground, panned it again and he and Ante and Gunboat stalked three claims. Then they ran a ditch from the slough through their claims and drained the water down the slope onto Sark's and Bassett's grazing ground. The October days were sharp with frost. Casino fed the whole flat for them and kept it iced. This shut off the grass supply, but that was not what bothered the partners. The frost had killed the grass any way and blackened it so that it was of little use for feed, and they were already using grain. But their discomfort sprang from the fact that the flat was uneven in character and had a pronounced slope to the water edge. So slippery did Casino's devious render it that geese could no more navigate it than could they start walking a skating rink set afloat. They fell continually, floundered and slid, and every hour Sark and Bassett expected to see them break their legs or their necks.

"What are we going to do about it, Eric?" asked Tom, when things became so bad their birds could do nothing but lie on their breasts wherever they found a level spot and tried to forget that they ever had legs. "They won't stand this very long. Their feathers are freezing to the ice already and their flesh'll soon get touched and start to fester. We'll lose the whole bunch with gangrene if we don't do something right sharp."

"Let's try sand," suggested Sark. "But as fast as they sanded the ice of the Chilcats sanded the ice of the barrels into the iron kettle, when

it was warm, they dipped it out again and ran it over the bottom of one of the goose pens. In the adjoining pens others of the Chilcats were shovelling the coarse sand which Sark and Bassett had been vainly scattering on the ice. When both pens were carefully prepared, the floundering geese were rounded up and started one a time through the pens. The moment their feet encountered the tar, they walked erect and before the world again. The soft warm tar thickly encased their feet and as they travelled on through the second pen, the coarse sand adhered to the tar. Thus whereas the helpless birds had passed into the pens without proper use of their legs, they now passed out with a covering on their feet that gripped the ice like sandpaper.

For a while the geese stared at each other in a silly fashion, totally unable to understand this miracle of sound footing. Then they clamorously cackled their appreciation and waddled off to the feeding troughs.

"Sand-shoes, Eric!" grunted Bassett, triumphantly. "Casino can't beat them. The more fresh ice he makes, the better they'll grip, and if they wear out we can renew them to our hearts' content."

It was not many hours before the story of the sand-shoes went around the golden city. As in the early days of the goose farm, crowds came to see. Huge wagers than ever were staked on the final outcome, and this coup of Tom Bassett's caused the odds to swing to the partners' side. Many Dawson wags, Doc, Martin and Solomon Sunday at their head, climbed the bench ground back of the flat and roared Casino until he fled into retirement.

From that day Casino, Ante and Gunboat dropped out of sight. Dawson City knew them no more. Persecution ceased and peace descended on Sark's and Bassett's farm.

"What's happened Casino, Tom?" asked Sark, when over a month had passed without sight of sound or assault of their old enemy. "Is he lying back somewhere to fix us when we're given up looking for him?"

"Either that, or he can't face the ridicule. Solomon and Doc, and the rest would plague him to death if he ever showed up in Dawson again. He'll have to show up mighty sudden, the freeze-up ain't many days away, and as soon as she closes in, we'll be no time to count. I say, 'I take them out of here and beat the freeze-up to Dawson with them. Call it an even thousand, and I'll give you five dollars apiece. Five thousand, that'll let you out. And they're sure not worth such a as tooth-picks here. The Whitehorse stores are gutted with them.' 'Done,' he accepts just like that. And I paid him the five thousand, and here we are, Tom, and in half an hour we'll be in Dawson. But say, I don't want to hit you friendly fellows too hard. You've always been fair fighters with a sense of humor and a memory only as long as the radio lasts. I'll let you down easy. I'll buy your geese and take a chance on getting rid of them. But of course, considering my cargo here, I can't pay any such price as you was asking early on. I can't pay twenty dollars. I'm selling mine for ten. They'll break the market and your lot won't bring more than four. So, I'll give you three and a half a piece for them and save you the trouble of handling them."

"Thunderation! Th-t's only thirty-five cents a pound," protested Bassett.

"Can't help it, Tom. You know that's all they are worth, and nob-be I won't get as much as I figure. Maybe the market'll drop certain cents on each. Three dollars and a half a piece. Are you selling?"

"You count yours first, Casino," parried Bassett. "We got to know for sure you've got enough to break the market before we sell."

All First-Class European Preserves for which you pay high prices, are made with Beet Sugar

PURE ALBERTA SUGAR

Canadian Sugar Factories Limited
Raymond, Alberta

"All right, we will count them now. We packed them all in the after hold of the scow so that the weight would be behind to keep her from swinging so much while we drifted. Ante, you jump down there with a solid, central bulkhead, forward and after holds and a hatch for each hold. Gunboat disappeared into the forward and Ante in to the after hatch."

"Ready?" Ante asked.

"Sure," answered Casino.

"Ready here, let her go," rumbled Gunboat in the forward hold.

At once Ante began throwing up the geese, one at a time, fine, fat, white-fleshed, twelve-pound birds, plucked, singed and ready for the market. Casino, sitting between the hatches, caught them as they came and tossed them down to Gunboat. Sark and Bassett, squatting on either side of the deck, kept counting and tallied each hundred on a paper. For nearly two hours, while the dark came down and deepened, they sat there in the cold amid the spitting snow squalls, patiently counting and putting pencil to paper.

"That's all!" announced Ante Baxer, finally.

"Nine hundred and ninety-five," totalled Bassett.

"Same here," checked Sark.

"Only five out!" Casino smirked.

"Twenty-five dollars gone, but that ain't anything. You sure see I've got enough to smash the market, boys. You better sell and sell quick. I'm half-frozen and I'm going to hit Dawson now, while the river's clear."

"What else can we do?" returned Sark. "Three thousand five hundred dollars'll cover our expenses. That lets us break even. If we hold on, we'll not get any more, and we likely stand to lose."

"We sell, then," Bassett decided.

"All right, here's your money," Casino pulled out a wad of bills. "I'll land these dead birds at Dawson and come back for the rest in the morning. You have them stiffened out for me. You know how to fix 'em. Tom? Don't cut their heads off, just prick in the side of the neck and bleed them. And leave the feathers on, of course. Wild geese aren't like tame ones. Wild ones need to be skinned till they're going to be drawn and dressed."

"Oh, I know, sure enough," nodded Bassett. "I've eaten more wild geese than tame ones."

"Well, that's all right then, and you write me out a receipt now for this money."

While Sark counted over Casino's money, Bassett wrote the receipt which read: "Received of Casino Charlie, three thousand five hundred

dollars in payment for one thousand wild geese to be delivered in the morning." Then both dropped ashore. Casino cast off and the scow was forced out into mid-river.

As it disappeared in the dark, Eric, who was watching it curiously turned to his partner.

"Tom!" he exclaimed, a note of alarm in his voice. "Tom, I don't like the way the scow rides!"

"What's the matter with her? She seems seaworthy. Don't worry partner. They'll get across. There are no floes running just now."

"Still, I don't like the way she rides. Tom—Tom—it couldn't—that is, we couldn't have been premature, could we?"

"Premature? What in thunder are you dreaming about?"

"I don't know, Eric. For the life of me, I don't know. Only that scow

doesn't seem to ride right to me. I can't define the feeling I have, but I guess it's one of those things you're always getting. A hunch, partner. I have a hunch that we've been premature, and I'm going over to Dawson to see."

LET PEOPLE KNOW

Reader—If you find The Times bright and interesting, remember that you can make it even more attractive if you mail or telephone the editor all the personal items you can think of. Have you visitors at your home? Are your neighbors entertaining guests? Have any members of your family gone away on a trip? Are your friends out of town? Do you know of new residents coming here to settle? Have you hidden good-bye to Wetaskiwin-ites who are to make their homes elsewhere? Let The Times know.

Four Doses Relieved Bad Attack of Cholera

Mr. W. J. Cooper, Maughan, Alta., writes:—"A year ago last spring I arrived in Canada with my family, and one of my boys, aged six, was suffering very much with cholera. When we arrived I had a few hours to wait, and told one of the attendants at the station about it, and he asked me if I had ever tried Dr. Fowler's Extract of Wild Strawberry. I had never heard of it in England, so he told me I could get it in Winnipeg. I am pleased to say I had only to give the child four doses and he got well and was quite cheerful by the next morning."

SAFETY at ANY speed

With the new Firestone Heavy Duty Gum-Dipped Balloon Tires you have a wide margin of safety at ANY speed. Built in advance of today's car requirements, they withstand rougher usage than any car on any road at any speed, can give them.

Firestone Heavy Duty Balloons are made of Gum-Dipped cord construction—the strongest and safest method known. They have a deeper safety tread, extra side-wall thickness and two extra plies of Gum-Dipped cords just beneath the tread to absorb road shocks. They are the strongest, safest, toughest tires that Firestone has ever built.

Make your car safer for travel. Equip it with a set of new Firestone Heavy Duty Balloons. See your nearest Firestone Dealer today.

Fairy Rhymes Come True

"Hey diddle, diddle!
The cat and the fiddle,
The cow jumped over the moon . . ."

In our childhood days we accepted the above as gospel, the world being then new and wonderful where anything might happen. But it remained for the year 1930 to make it partly true with the airplane flight of Strathmore Hanna Fairchild, prize Holstein calf of the C.P.R. Experimental Farm at Strathmore, to Calgary and back. Little Hanna whose mother's half sister is the famous Strathmore Sylvia with a record of 29,571 pounds of milk in one year, was dead for her journey in a pneumatic jacket. Her feet were secured and a strong sack placed around her up to the neck. She lay quiet in the plane and seemed to like her trip. Lay-out shows Hanna who was named after John H. Hanna, secretary of the Calgary Board of Trade, greeted by a number of

leading Calgaryans and visitors on her arrival. Inset shows her peering out of her pneumatic jacket aboard the plane.

Neighborhood NEWS

BITTERN LAKE

Miss Vera Foreman of Edmonton, came down Saturday to spend the week-end with Mr. and Mrs. Tom Peral, returning Monday.

Mr. and Mrs. T. Lelleg of Edmonton, motored down Sunday to spend a few days with Mr. and Mrs. N. Holmstrom.

The Monday washing was sadly neglected. The housewives were all too busy picking berries.

The weather looks as if it has settled itself for the time being, and a number of the farmers have started haying, hay being quite plentiful.

Leroy Treleven took his car to Millet, making a trade while up there, and drove a 1928 Chev. sedan home. Some fine, Le.

Chas. and Ross Daley who went to Daysland Tuesday to visit with relatives and friends, returning home on Friday morning.

Wm. A. Altvater finished breaking east of the lake, and brought his outfit home Thursday morning.

Mrs. A. Kohns and Mrs. W. Hewko and Pete Lapka motored to Edmonton on Saturday.

The Bittern Lake boys played Duhamel a return game on Friday. The score being 6-5 in favor of Duhamel. On Sunday they played Armema on their home ground, the score being 15-7 in favor of Bittern Lake. Sounds better.

Ross Daley left for Daysland on Monday evening, where he intends to stay during harvest. The crops are reported to be very good over the district last Thursday.

NEW SWEDEN

A very pleasant afternoon was spent on Thursday, when the Gwynne Sunshine held their picnic at Carpenter's bridge. After the picnic dinner, the chief attractions were girls' baseball, racing, jumping and horse-shoes. The Gwynne baseball girls were victorious in both the games.

The Swedish Mission Ladies Aid was held at Weaver's on Wednesday afternoon. Arrangements were made for the Sunday school picnic to be held at the Mission Church park on Wednesday, August 6.

Mr. and Mrs. E. Anderson motored to Strome on Saturday to spend the

week-end with the latter's parents. This district was visited by a hail storm which took on hurricane proportions, as a church was blown down, roofs torn away, sidewalks ripped up, and one farmer had 67 panes of glass broken in his buildings.

The Baptist Ladies Aid met at A. Brandt's on Thursday afternoon.

H. V. Lotgren and family were Sunday visitors at the Axel Hollner home in the New Norway district.

Miss Violet Anderson is spending a week in Edberg, with Mr. and Mrs. Hjalmar Anderson.

Several carloads of people motored out to the Ponoka district on Sunday, to visit with the Fred Petersons.

Mr. N. Nelson is building a fine new barn. Philip Nelson has the contract.

A pleasant afternoon was spent at C. Pearson's on Friday, when the Ladies Aid was held there.

Rudolph Anderson had rather a unique experience last week, when he had his car run over with a cat.

A pleasant afternoon was spent at C. Pearson's on Friday, when the Ladies Aid was held there.

A pleasant afternoon was spent at C. Pearson's on Friday, when the Ladies Aid was held there.

HARVEST HOME

Mr. and Mrs. Cartwright and family, Mr. H. Williams and family, Mr. and Mrs. E. Maynard and family, and Mr. J. Magard and Mr. Foster, spent Saturday and Sunday at Battle Lake, and report having a good time, especially Elmer, who was chased by a bear.

Mr. Cowan and Lou are back from Wahman Lake, putting up hay.

Mr. and Mrs. G. Bloom spent Sunday and Monday at Edmonton with relatives.

Haying is in full swing and some wheat will be cut soon.

John Olson has started in the goat business, but it is hard telling for how long, as Carl Smith, Jr., is bound to get the goats from John. Carl says he is going to start a cheese factory.

Martin Peterson is busy haying at Mrs. Matjeka's.

Mr. and Mrs. C. Bloom spent Sunday and Monday at Edmonton with relatives.

Important Notice

Introducing Cash System September 1st

Changing conditions and new methods of buying which have developed during recent years now require new methods of selling that will eliminate all possible losses through credit, minimize expense and capital involved.

We are satisfied we can best meet this situation and at the same time give better values and service by a Cash System, which we will adopt September 1st. It is quite apparent that whether it be merchandise, farm product or any other commodity buyer and seller benefit by a cash transaction.

In order to overcome many problems of a strictly cash system and for convenience, weekly settlements will be considered cash. Payment may be made on Saturday or early the following week as is found convenient.

We have always appreciated your patronage under the present system and we are confident you will appreciate our better values and improved service under the new.

Yours for better values,

George Lowry Limited

North Pigeon Lake have formed an organization and are going to boost Pigeon Lake, and if possible, do their utmost, with the help of their local member, to have at an early date a gravel road direct west of Millet to join the main highway, so that it will be possible for tourists coming from Edmonton to make the Lake on gravel. A petition to the effect is now being circulated.

The Outimette hotel of 15 rooms has now been completed, and is packed to capacity.

There are at present staying in the Dowler cottages: Mr. and Mrs. Fris and family, Edmonton Mr. and Mrs. Loggin and family, Leduc; Mr. and Mrs. Winn, Edmonton; and Mr. and Mrs. Hannah, Edmonton.

Outimette cottages: Mr. and Mrs. J. H. Collett and family, Wetaskiwin; Mr. and Mrs. A. P. Mitchell, Millet; Mr. and Mrs. Cogswell, Edmonton; and Mrs. Ennis, Leduc; Clayton Car-

ney and James Barr, Millet. Graves

Subdivision: Mr. and Mrs. Hawk, Mr. and Mrs. H. Macauley and family, and Mrs. and Miss Smith, Millet.

Sunday last was one of the biggest days for tourists the lake has had for some time, over 150 cars being parked along the lake shore.

The annual Convention of the Norwegian pastors is now being held at Pigeon Lake.

The baseball game between Thorby and Mullhurst, resulted in a win for Mullhurst by a score of 12-11. Silver Boulevard on Sunday was a veritable fashion parade.

Pigeon Lake as a summer resort is not known as well as it should be, no doubt from the fact that the residents have not advertised it in the same way as other resorts have been brought before the people.

Lake not only being one of the best lakes in Alberta, if not the finest, with a wonderful stretch of silver and beach (the lake is 9 miles long and 6 miles wide), has a large claim to the

history of Alberta. In 1885 the Rev. John McDougall established the first Methodist Mission on the land south of which is now Fisher Home post office. The Mission building, erected beside a beautiful spring, was afterwards burnt down, the foundation can now be plainly seen and the residents of the district are building a cairn to mark the spot. The old trail to the Jasper House passed by the Mission. The property passed out of the possession of the Methodist Church and eventually homesteaded under squatters rights by John Lee, and on his death was sold and is now owned by H. J. Dowler of Edmonton, who proposes, sooner or later, to build a large hotel on the hill east of the old Mission site. Behind the old Mission site is the Indian Cemetery, where a large number were buried during the smallpox epidemic in the early days. Towards the bend of the lake south the Hudsons Bay Co. had

Cottages are going up over all parts of the lake, and the time is not far off when Pigeon Lake will come into its own and be one of the most popular lakes in Alberta.

A LARGE AVERAGE
Regina, Aug. 11.—\$31,800 is the total of the first prizes offered for grain and seed in the fifty-six competitive classes at the World's Grain Exhibition and Conference to be held at Regina, in 1932. The highest first prize is \$2,500, and the lowest is \$75. The average first prizes in each of the classes is \$567.86 greater than ever offered at any other exhibition of a similar kind anywhere in the world.

GREENER GRASS
"They tell me, Giles," said a country minister to one of his parishioners who was a shepherd, "that you now attend Mr. Jones' church. Now tell me, how would you feel if one of your sheep strayed into another person's field?"

"Well, sir," replied the shepherd, "I don't think I should mind if the grass were better!"

IT PAYS
The codfish lays a million eggs, And the helpful hen lays one, But the codfish doesn't cackle, To tell us what she does; And so we scorn the codfish coy, And the helpful hen we prize, Which indicates to you and me It pays to advertise.

While connecting up the last link of the fair ground wiring here with the main power lines on Wednesday, at 5:45 p.m., John Murphy, 35, lineman for the Calgary Power Company, accidentally received the full force of 2,300 volts through the body, and, unconscious, was rushed to the St. Mary's hospital. He is now recovering from severe body burns and shock to the nervous system.

The Times asks its readers to make the local news columns their own, to the extent of contributing social and personal items which are of interest.

If you have news to tell us, there is no nicer compliment you can pay your guests than to take the trouble to see that their names are mentioned in your local newspaper. Call at or phone The Times—our number is 27—or send the item by mail.

Canada's coal output in 1928 was valued at \$62,681,136.

In 1929 the Canadian railways carried 40,592,792 passengers.

Canadian field crops value in 1929 were \$986,956,000.

There were 59,607,034 acres in field crops in Canada in 1929.

Canadian field crops value in 1929 were \$986,956,000.

CITY OF WETASKIWIN

VOTERS LIST 1930-1931

Notice is hereby given that the List of Electors for the City of Wetaskiwin and the Wetaskiwin School District has now been prepared and copies posted up in the following places: City Offices, Bank of Montreal, Imperial Bank, Star Store, Driford Hotel Barber Shop and the U.F.A. Store.

All those who are qualified and entitled to vote at the Municipal Elections of the City of Wetaskiwin are requested to examine the list at the above-mentioned places. Any whose name does not appear or any person whose name appears and who challenges or objects to the name of any other person appearing on the List may give notice to the undersigned Registrar to have the list amended.

Such notice must be given on or before the 14th day of August. Given under my hand this 31st day of July, 1930.

J. E. FRASER,
Registrar of Electors, City of Wetaskiwin. 20-2tn

MEN'S SHIRTS made to measure. Prices reasonable. Apply to the suite at The Times Office. 21-3tn

NOTICE OF SALE OF IMPOUNDED ANIMALS

Under the Domestic Animals Act (Municipalities)

To Whom It May Concern:

Notice is hereby given that by virtue of power granted under Section 44 of The Domestic Animals Act (Municipalities) and of a By-law of the Municipality of Montgomery, dated August 8th, 1930.

One Sorrel Stallion, age about 6 years, white face and feet, weight about 1000 lbs., will be sold at the Pound kept by the undersigned, on the N.E. ¼, Sec. 30, Tp. 46, Rge. 24, West of the 4th Meridian, at 2 p.m. o'clock, on Tuesday, the 19th day of August, 1930.

Dated August 8th, 1930.
H. MOORE, Poundkeeper.
Wetaskiwin, Alta.

MUNICIPAL DISTRICT OF MONTGOMERY NO. 458

NOTICE

Tenders are asked for by the above Municipal District, for the loading, unloading and spreading of gravel on the road on the west side of Sec. 32-45-23-4, the amount of gravel to be hauled is approximately one thousand cubic yards, the distance for it to be spread over is approximately one and one quarter miles.

The tenders are to state the cost per cubic yard per mile haul and are to include all cost of stripping, loading and spreading.

The gravel is to be obtained from the Municipal Districts pit situated on the N.E. 28-46-23-4.

All tenders are to be mailed to the Secretary and to be in his office by 5 o'clock p.m. on the 5th September, 1930.

The lowest or any tender not necessarily to be accepted.

Envelopes to be marked "Gravel Tender."

21-3tn GODFREY BAKER, Secretary.

NOTICE

All pupils wishing to attend Wetaskiwin High School next term, please make application before September 1st, to the Secretary,

21-2tn GEO. D. WALLACE.

"DON'T HAVE TO" MERCHANT DOESN'T GET VERY FAR

The bird who says "I don't have to advertise for everyone knows who I am, where I am, and what I sell," will never make any more than a living. The average shopper does not care who a merchant is, where he is, or what he sells. But, he does care about information as to cost of what he wants without wasting steps. So, advertise.—The Life of the Town, Bellows Falls, Vt.

SPORT

WETASKIWIN TIES WITH PONOKA

Baseball fans of the community were treated to three interesting and exciting games in the last few days, between the Wetaskiwin Athletics and the Hobbema team, as these two teams were tied for second place in the league. It was decided to play three games, the winners to play the Ponoka team, which is now at the top of the league, in the play-off. The first game was played on Friday night, when a good game was witnessed. Rattlesnake pitched for Hobbema, and Rotvik was on the mound for the Athletics. The game ended with the score of 8-6 in favor of Hobbema. Umpire, E. Merner.

The second game took place the following night, when Wetaskiwin defeated Hobbema to the tune of 10-4. Farewell was the pitcher for the Athletics, and Erickson, Rattlesnake and Hodson for Hobbema. Umpire, Ralst.

On Monday night, the deciding game was played, and this was an exciting game from start to finish. It ended in a victory for Wetaskiwin, the score being 7-5. The Athletics will play the Ponoka team for first place at an early date.

THIS SHOULD GO INTO THE BOOK OF WORLD'S RECORDS

Says the Lethbridge Herald in its three column report of the Alberta Championship Track and Field Meet: Nellie Biddinger, of Wetaskiwin, and N. Hayes of Parkland, put up an interesting struggle for third place (running high jump, girls under 16), these youngsters jumping for an hour and a half to break a tie. This became very trying in the intense heat and the position was left as a tie. The event was won by Beatrice Gillespie, of Edmonton, who won the aggregate championship in the junior class. The Lethbridge Herald also says: "Edmonton and Wetaskiwin entries were to the fore in the majority of first choice places in boys' girls' and women's events, and the bulk of the silverware was carried off by the northern invaders."

WALTER KNOX TO COACH QUEEN'S UNIVERSITY STARS

Kingston, Ont., Aug. 12.—Announcement was made by the athletic board of control of Queen's University, on Monday that Walter Knox, well-known coach of the Ontario athletic commission, has been secured to coach Queen's track stars. (Note—Mr. Knox, who was formerly all-around track and field champion of the world, and who was trainer for Miss Ethel Catherine and other world champions, is a brother of Mrs. B. W. Bellamy, of this city).

THEY TAX BACHELORS, TOO

(From the Philadelphia Ledger) Before any unmarried American youth of an age suitable for immigration upon the altar of Hymen starts to chuckle over the announcement from Berlin that the German cabinet has decided to impose special taxation upon bachelors, he should reflect that this signifies only the adoption of a policy long practiced in the United States.

We are too thankful to talk about taxing bachelors, and thus needlessly rubbing their fur the wrong way. We just do it—so painlessly that they do not realize they are being penalized for their celibacy. In our income tax laws the exemption for a single person is \$1,600.00. The exemption for two single persons would thus be \$3,200. But if those two persons are married, the man gets an exemption of \$3,600. The penalty for bachelorhood is the annual income tax rate on \$400.00 of earnings.

Advertising—"The Mother" of Prosperity and Progress

"Mother's work is never done," goes the old saying. And so it is with advertising. Under today's competitive conditions, it must be used continually in behalf of a business, if that business is to prosper and grow.—J. K. Arnold's "Note Book."

EVERY ITEM IS A REAL SPECIAL FOR CASH ONLY

SALE ENDS AUGUST 31ST

But we cannot promise all lines will last till then—so buy early and avoid disappointment.

Whyte & Orr Limited

WEEKLY STOCK MARKET REPORT

The following is a weekly report from the Edmonton Stock Yards, prepared by a Times representative, for the week ending August 12th:

Receipts: Cattle, 261; calves, 200; hogs, 1241; sheep, 298.

Receipts of cattle during the past week have been decidedly on the light order and average daily receipts have really been insufficient to make or establish a market. Due to light offerings, buyers have been more active to fill the demands, in consequence trading has been on the brisk order and the market generally keener. This is particularly true of the better grades of heavyweight butcher cattle. Prices on the whole so far this week have shown a considerably stronger tone as compared with last week's, and buyers have not been trading quite so close.

The bulk of the good steers so far this week have sold at \$5.50 to \$6.00, medium kind \$5.00 to \$5.25 and common to fair \$4.00 to \$4.50. The bulk of the good choice heifers have sold at \$5.25 to \$5.00, with the common to medium from \$4.00 to \$5.00. Good cows \$4.50 to \$5.00, medium \$3.75 to \$4.25 and common to fair from \$3.00 to \$3.50. Canners and cutters \$1.00 to \$2.00. Odd bulls are selling as high as \$3.00. Bulk on offerings \$1.50 to \$2.50.

There is a good demand in evidence for all classes of stocker cattle. Steers and heifers quoting at \$3.50 to \$5.00, with stocker cows from \$3.00 to \$4.00.

Salesmen are finding no difficulty in placing all their offerings of calves, particularly the better kinds, and choice vealers are selling at \$8.00 to \$9.35, with common to medium \$6.00 to \$7.00.

Hog receipts have been very light. Prices so far this week have been on the basis of \$11.00 for hams, with selects at \$11.50 and butchers at \$10.55, all on fed and watered basis. Cuts on off grade hogs as follows: Heavies \$2.50, extra heavies \$4.00. No. 1 sows \$4.50, No. 2 sows \$5.50 and rough hogs \$6.50.

There is no material change noticeable on the sheep market, choice heavyweight lambs are quoted up to \$8.00. Bulk of good lambs selling at \$7.00 to \$7.50, yearlings \$4.00 to \$5.00, and ewes \$2.50 to \$4.50.

OCTOBER 1 SUGGESTED AS PEONY DAY

The Provincial Town and Rural Planning Advisory Board takes this opportunity of endorsing the suggestion of Mrs. F. E. Wyman, Vice-President of the United Farm Women of Alberta, that October 1st of this year and succeeding years should be known as "Peony Day," a day on which we in this Province should interest ourselves in the planting of peony roots. The peony is one of our hardiest perennials and one of our most attractive flowers.

The Lacombe Nurseries Ltd., at Lacombe, has interested itself in the matter and has submitted a tentative price, contingent on the volume of orders, about fifty cents (express paid) to your local distribution center.

For white, pink or red peony roots, and up to 75c each for the usual named varieties, but not of the rarer varieties. In approving of "Peony Day" the Board feels that it should ensure to those interested, not only a reasonable price, but as well an assurance of sufficient quantities and for these reasons appreciates the co-operation of a responsible nursery of recognized standing. Peony roots, of course, can be obtained from other reliable nurseries or other sources and the main concern of the Board is that roots of good peony stock should be planted.

TO CLOSE AN ESTATE

WE OFFER FOR SALE

One Twin City Threshing Machine, size 28x48.

Fully equipped and in splendid condition and only used for two seasons. Cost \$210.00.

Bill Haxon of Southmore, who has already arrived at Hamilton for the Empire Games under the chairmanship of E. W. Beatty, chairman and president of the Canadian Pacific Railway. There will be representatives from Great Britain, South Africa and nearly every province of Canada at the Games, which are scheduled to be held in the Ontario city next month.

Twenty New Zealand athletes and twenty athletes from Australia have already arrived at Hamilton for the Empire Games under the chairmanship of E. W. Beatty, chairman and president of the Canadian Pacific Railway. There will be representatives from Great Britain, South Africa and nearly every province of Canada at the Games, which are scheduled to be held in the Ontario city next month.

With an aggregate of 133 years of unbroken service, three Canadian Pacific engineers from the Ontario district retired on pension recently. They are John Douglass, Thomas Bennett and John G. Moore and all have unblemished records. Bennett's service goes back to 1883 while Douglass and Moore go back to 1886 and 1889 respectively.

The Toronto Industrial Commission announces that between January 1 and June 30, 15 new industrial firms have come to Toronto, with which the commission has operated. Of these, 11 had their origin in the United States and 4 originated in other parts of Canada. The list of these industries includes a number of outstanding companies whose entrance into the assembling and manufacturing field in Toronto means an important growth and development in the city's industrial life.

The old belief that the Red River fires are caused by lightning is being tried out recently as Harry Pearce, undefeated Australian Single Sculls champion, and one time world champion, stood on its shore and watched his son, H. E. Pearce, Olympic amateur champion, in a try out as a guest of the Winnipeg Rowing Club. Pearce is a contestant in the Empire Games at Hamilton next month.

For the first time in history, horses were ridden over "Ball Pass" near Banff recently. The riders were Jim Brewster, J. Murray Gibson and Glory Trotter, the latter a Lake Louise guide and the purpose of the trip was to locate camps for the trail ride at end of July. Only three hours were required to travel from Banff to the summit of Ball Pass yet this pass has hitherto been considered impassable except for Alpine climbers.

AGRICULTURAL NOTES

Dominion Department of Agriculture Egg Yield Drops
Hot weather is having its effect on egg production at the Canadian Egg Laying Contest at the Central Experimental Farm, Ottawa. Production is falling off appreciably, and there is a notable increase in the number of light weight and underweight eggs. A pen of Barred Plymouth Rocks from Saskatchewan continues to lead the contest, but with its margin reduced to 54.9 points. The next three places are held by White Leghorns, with little difference between total scores. Out of 800 birds in 80 pens entered this year, only three have so far qualified for registration by laying the

requisite minimum of 200 eggs since the present contest started.

Stands the Test
Garnet wheat, developed by the Cereal Division of the Dominion Department of Agriculture loses nothing by the gruelling tests to which it was subjected at the hands of twenty of the world's outstanding authorities on milling and baking in Great Britain and on the Continent. Not only is Garnet firmly established as a high quality wheat, but as an "improver" of blends has a promising future. Since its introduction in 1926 it has extended the area in which hard red spring wheat can be matured without danger by frost by 25 per cent, and it already counts for more than one-fifth of Canada's wheat crop. It is a splendid wheat for the early frost zones of the prairies, and is proving the best yielder among the wheats sown in Eastern Canada.

Nothing To Be Gained
Seven years experimental work by the Leducville Experimental Station of the Dominion Department of Agriculture shows that nothing is to be gained by deep plowing on land of the type prevailing in this district. As a matter of fact the records tend to show increases in crop on the shallow plowed land, and it would appear that plowing four inches deep, or deep enough to allow for the preparation of a good seed bed, is all that is necessary. The average yield of corn, oats, clover and timothy on soil plowed four inches deep was found to be higher than that from land plowed seven inches deep.

HILLSIDE

Mr. and Mrs. H. G. Young and children left on Sunday for a week's holiday at Calgary and Banff.

The U.F.W.A. are busy sewing and preparing for an apron and home cooking sale to be held in Millet towards the last of the month.

The U.F.W.A. are co-operating with the school board in laying a new floor in the school house.

A most enjoyable afternoon was spent last Wednesday at the home of Mrs. H. G. Young, when the Millet U.F.W.A. was the guests of Hillside local.

There is rumor of a dance in the school house in the near future.

Last Friday some six cars journeyed to Lacombe Experimental Farm, where the Hillside Wide Awake Junior U.F.W.A. held a picnic. Judging from all reports this was a day well spent.

A number of the residents motored to Millet Friday evening and attended the garden party at the home of Mrs. Ross.

James Hoskins spent the week-end with his grandparents in Edmonton.

Miss Lella Marr was successful in passing her eleventh grade exams, and will take her Normal training next term.

Mr. and Mrs. T. H. Howes were Edmonton visitors on Saturday.

Lougheed, Aug. 4.—Shot through the chest by a bullet from a .22 rifle held in the hands of a friend, Gordon Fadden, 18, Edwin Stewart, 13, of Merna, Alta., was instantly killed on the farm of Frank Simons, northwest of Lougheed, Saturday evening. Corporal D. W. B. Murray investigated and ruled that the death was accidental.

New Championship Golf Course

George S. Lyon, Canada's Grand Old Man of Golf, split the fairway with the first ball driven from No. 1 tee of the Royal York Golf course recently when this new championship course, built by the Canadian Pacific Railway for the benefit of guests of Canada's premier hotel, was formally opened in the presence of their Excellencies Lord and Lady Willingdon.

This 18-hole course, claimed by players to be one of the best on the continent, has a par of 72 with a length of 6,510 yards. All Toronto golf clubs were represented at the opening and prominent golfers of the Dominion came together here for the occasion. This course has been selected as the scene of the annual interprovincial team match on August 2, and many tournaments in connection with conventions, including the monster one of the Shriners, will be staged there. Lay-out shows the \$100,000 Club-house of the course with a view of the Royal York Hotel.

Murders Wife, Burns Home, and Suicides

Two persons were shot fatally and a 14-year-old girl received a bullet in the leg in a farm house murder-suicide tragedy 10 miles west of Millet, at 2:00 a.m. Sunday, according to Alberta provincial police reports.

Archie Green, farmer, killed his wife, shot his stepdaughter, Alice Townsend, through the leg, and then ended his own life by the same weapon after arranging a funeral pyre for the bodies of himself and Mrs. Green by setting fire to the house.

The daughter is now in an Edmonton hospital, and is recovering. A 15-year-old stepson escaped the bullets and ran, with his sister, Alice, to the home of neighbors. The house burned while the two were away. Neighbors telephoned to police headquarters, and Detective H. M. Trickey of the Edmonton C.B. detachment responded. His report has not been completed.

Green, dragged his wife from her bed according to police reports, and fired a bullet into her body. The daughter, hearing the shot, ran from another room, and Green, reloading quickly, sent a bullet through her leg as she attempted to escape.

The 15-year-old son going to his mother's room, was warned by his sister and together they made their way across the fields to a neighbor's residence, hearing another shot as they ran and seeing the house going up in smoke.

The bodies of Mr. and Mrs. Green were badly charred.

Alice Townsend, the daughter, was brought into Edmonton and she is now at the General hospital.

Her condition is not serious despite severe loss of blood and shock caused by running after she was shot.

No inquest will be held.

No cause for the rash acts has been learned—Edmonton Journal.

NINTH FORTNIGHTLY CROP REPORT

As harvest approaches the condition of crops throughout the Province is better than was anticipated earlier in the season, with the exception of the south-eastern part of the Province and central eastern areas crops are good. In the eastern area, where conditions were unfavorable throughout the early part of the growing period late rains have caused excellent growth of oats and barley, and if the frost free period is prolonged, there will be fair yields of wheat.

The hot dry weather of the past fortnight has caused too rapid ripening of crops in the south-eastern part of the Province, where moisture was

damage seems to have been very slight. Half damage has occurred at several points throughout the Province.

Conditions with regard to pasture, hay and feed are fairly satisfactory. In the alfalfa growing areas, the second growth of alfalfa is fairly heavy and of excellent quality. The sugar beet crop is better than the average.

A CHANGE OF PROGRAM
Grandpa was having his afternoon sleep in the armchair and emitting sounds that might easily

have come from a cross-cut saw. As father entered the room he saw little Daisy twisting one of grandpa's vest buttons.

"What are you doing?" he whispered. "You mustn't disturb grandpa, Daisy."

"I'm not disturbing him, Daddy," explained the child, "I was just trying to tune him in on something different to what he's giving us."

BIG HIGHWAY MEET PLANNED FOR OCTOBER

Washington, Aug. 9. — The sixth congress of the permanent International Association of Road Congresses, to be held in Washington in October, will be attended by representatives of more than sixty governments.

While the government will participate in the deliberations, the meeting will include university professors, engineers, contractors and individuals and organizations interested in one of the biggest present problems of federal, state, or provincial, and municipal governments—the construction, financing and maintenance of good roads.

The congress this year will discuss the different types of construction, such subjects as financing and building, as well as the control of traffic movement.

Names of members of large delegations from Great Britain, Ireland, South Africa and India are announced. The organizing commission expects delegations from all the British dominions.

THE DAIRY HERD IN AUGUST

August is the hardest month of the year for the dairy herds. "If milk production can be maintained during the month little concern need be felt about the milk flow during the balance of the season," declares one authority who has developed several high record cows. For meeting the difficulties of this trying month, he suggests: Control of flies, protection from the hot sun, ample supply of cool water, and the use of a succulent feed to supplement dried-up pastures. The first of these three measures can be best secured by the use of a suitable spray. The second may be provided by shade trees in the pasture under which the cows may feed and rest out of the sun. Another method is to stable the cows during the day and let them pasture at night. Shading and screening the windows provides added coolness in the barn and also helps to control the flies. For the third, a succulent roughage may be fed as a supplement to pasture. Ensilage or corn feed very good results.

Church and Sunday School

BENNETT GOVT.

(Continued from Page 1)
are linked with Mr. Bennett's insistence that preferences must be mutually advantageous. What concessions he will be able to secure from Britain for Canadian foodstuffs is a matter of conjecture. For a century Britons have resolutely opposed any taxation of foodstuffs. In the last year there have been evidences of a change in that attitude. How far it can be carried will perhaps depend on Mr. Bennett's success in convincing the people of Britain that the industrial benefits he offers them will more than compensate for any increase in the cost of living.

RUSH NORTH ALBERTA RAIL EXTENSIONS

Edmonton, August 6.—Building of new branches of the Northern Alberta Railways, in the Peace River country, is being rushed ahead in order to have the 50-mile extension from Hythe in operation as early as possible in December. On the 15-mile branch main construction from Fairview, and operating service will be given some time during November.

POPULATION OF U.S. NOW 122,728,873, EARLY CENSUS SHOWS

Washington, D.C., Aug. 7. The first complete preliminary census figure on Wednesday showed continental U. S. to number 122,728,873 inhabitants. The total figure contains an estimate for one Pennsylvania township, returns from which are not complete. Outlying possessions add 14,772,888, making a grand total of 137,501,761. The total population increase of the forty-eight states and the District of Columbia was 17,018,253.

BORN

LUCA—In the Wetaskiwin hospital on the 12th inst., to Mr. and Mrs. Court Lucas, a son.
CALLIES—On the 12th inst., at the hospital, to Mr. and Mrs. Edward Callies, a son.

TRY THIS—ON A FRIEND
Mrs. Herman H. Williams, an apirist of Mt. Victory, Ohio, stood like a statue with three swarms of bees weighing about 50 pounds bearing down on her recently, then carried them to a hive without being stung. Mrs. Williams was summoned to settle a swarm of bees that had gathered on the branch of a birch bush. When they had swarmed she cut off the branch and started toward a hive. Another swarm settled down on her left arm. Fearing to move lest the bees sting her to death, she remained motionless while the insects settled. She started for the hive a second time and a third swarm settled on her neck and shoulders. Again she remained motionless for a quarter of an hour until the bees became quiet. Then she took them to the hive and, aided by a "smoker," put the bees safely away.

Canada has 2,291,000 pupils in her schools.

Canada buys \$37,000,000 of foreign fruits.

Revival Services

NEWSPAPER LAWS

Excerpts from Newspaper Law, printed for the benefit of any reader who may have mistaken ideas regarding same:

1. A postmaster is required to give notice by letter (returning the paper does not answer the law) if the subscriber does not take the paper out of the post office and state the reason for its not being taken. Any neglect to do so makes the postmaster responsible to the publisher for payment.

2. If any person orders his paper discontinued he must pay all arrears or the publisher may continue to send it until payment is made and collect the whole amount whether the paper is taken from the office or not. There can be no legal discontinuance until payment is made.

3. Any person who takes a paper from the post office, whether directed to his name or another, or whether he subscribes or not, is responsible for payment.

A HINT TO HAROLD TEEN

Don't take bread with your fork when dining in a restaurant. The low-brow method of reaching for it with your bare hand, which you employ at home, is absolutely correct. Take a piece of bread with your fork, at restaurant or banquet, and you advertise yourself immediately as one doing wrong by trying to do right.

Do you think this tip is unnecessary? Then watch the nearby diners when next you go to restaurants, club or hotel where the guests are drawn from every walk of life. You'll find dozens, perhaps, who smile complacently as they reach out for a piece of bread or even for a roll, with fork extended.

They may have passed the stage of

Errors of Refraction and Muscular Imbalances

Are the chief causes of headaches, dizziness, blurred vision and that tired sleepy feeling.

Children often have a very unsatisfactory school report through defective eyesight.

A complete scientific examination will reveal these troubles.

CORRECTION

An error appeared in the Federal Election report published in The Times a couple of weeks ago, in connection with the Rimbey poll. The report stated that Mr. Russell had received 16 votes at this poll, whereas he received 116. Mr. Hayhurst received 45 and Mr. Irvine 14.
